Amistar Top	Azostrobin + Difenconazole	30 mls	350mls	Control black spots, early and late blight
Snow beast	imidachloprid + Emmamectin Benzoate	30mls	350mls	Broad spectrum pesticide for the control of Flower thrip, capsule borer and whiteflies

CAUTION

FIELD HYGIENE: Always ensure that the field is kept free from weeds. Grasses and weeds harbor pests which can attack the crops and also competes with the crop for nutrition uptake.
SAFETY PRECAUTION: Always Remember to read the label/instructions for the safe use and handling of chemicals
Remember to put on gloves and protective clothing/footwear when applying chemicals.
Always refer to the label for right dosage of the chemicals you are applying.
Farmers are advised to consult agronomists for proper use of chemicals and guidance
